HISTORICAL SKETCH.

FOSTER HALL.

The American Missionary Association began a school in Talladega twenty-two years ago. In 1867 a large and stately building erected for college use in 1852-3 was purchased, with several acres of land, and a primary school opened that Autumn with more than 100 pupils in attendance. The building is called Swayne Hall, in honor of General Wager Swayne of the Freedmen's Bureau by whom the purchase was made. In 1868 a church was organized, and in 1869 the corner stone of a girls' hall accommodating also the boarding department, was laid, and the building named after Rev. L. Foster, of Blue Island, Ill., a principal donor. In 1873 by the gift of Mr. R. R. Graves, of Morristown, N. J., a two story wooden house and six acres of valuable land were secured for the Theological Department. Winsted Farm of 160 acres, less than a mile from the college buildings, was bought in 1877, mainly by Connecticut donors. The Newton Farm of 60 acres was added in 1887. Stone Hall, for the use of young men, built in 1881, is the gift of Mrs. Valeria G. Stone, of Malden, Mass. The same year, the other brick Halls, Swayne and Foster, were thoroughly repaired, a new house was built for the President, and the following year two other houses—one the gift of Mr. Seth Wadhams, of Chicago—were secured, and are occupied by instructors. In 1883, by the contribution of Mr. J. H. Cassedy, of Thiels, N. Y., a two-story school-house was erected for Primary and Intermediate pupils, which was enlarged by a second contribution of Mr. Cassedy in 1887. In 1884, by aid of the "John F. Slater Fund," a shop was built which was enlarged last year, so that now, besides two school buildings, a hall for young women, another for young men, and four dwellings for teachers, the College has in lands, barns and shops, valuable appliances for teaching industry. The property of the College, exclusive of endowments, is valued at \$107,000.

The College is Christian and evangelical, though not sectarian. It is not a "Reform School," and none but the worthy are tolerated. It aims at thoroughness, and seeks to cultivate the hand, the head, and the heart. The following courses of study are now established.

COURSES OF STUDY.

The work of the College from necessity began with the fundamental branches, and while the higher studies have been added, the preliminary instruction has never been given more thoroughly than now. By the enlargement of the Cassedy School, new facilities are afforded for Primary and Intermediate students. This school is also the Model School, and is under competent and experienced teachers. Grammar pupils have room in Swayne Hall. The preliminary course of eight years is as follows:

PRIMARY COURSE.

FIRST GRADE.

READING—Reading Charts, First Reader.
 NUMBERS—Count, Read and Write Numbers to 100. Add, Subtract, Multiply, and Divide with 1's, 2's, and 3's. Use of signs.

NORMAL COURSE.

For admission to this Course a thorough examination must be passed in all the studies of the Seventh and Eighth Grades.

Students graduating from this Course will be required to practice, under criticism, in the Model School during the Junior or Senior year. Graduates receive Diplomas.

FIRST YEAR—(NINTH YEAR OF THE COURSE).

MATHEMATICS—Elementary Algebra. (Brown).
 LANGUAGE—Composition and Rhetoric. (Hill).

NATURAL SCIENCE—Commercial Geography, one term; Physical Geography (Houston) two terms.
 MORALS AND MANNERS—Good Morals and Gentle Manners. (Gow).
 VOCAL MUSIC.

SECOND YEAR—(TENTH OF THE COURSE).

MATHEMATICS—Higher Arithmetic (Robinson). Book-keeping.
 NATURAL SCIENCE—Physiology, (Hutchinson). Botany, (Wood) one term.
 LITERATURE—Seven British Classics, or equivalent.
 DIDACTICS—School Economy (Wickersham) and Primary Methods.
 LATIN—Optional.
 VOCAL MUSIC.

JUNIOR CLASS—(ELEVENTH YEAR).

MATHEMATICS—Plain Geometry, (Wentworth) one year.
 NATURAL SCIENCE—Physics, (Houston) two terms.
 HISTORY—General History, (Barnes) two terms. Scripture History (New Testament), (Smith) one term. English Literature (Trimble) one term.
 PRACTICAL TEACHING—Under Criticism.

SENIOR CLASS—(TWELFTH YEAR).

NATURAL SCIENCE—Geology, (Dana) two terms. Astronomy (Sharpless and Philips) one term.
 MENTAL AND MORAL SCIENCE.
 HISTORY—United States History, (Scudder) Civil Government (Young).
 PEDAGOGICS—Science of Education. Practical Teaching.
 REVIEWS—Of Common Branches.

COLLEGE PREPARATORY COURSE.

The requirements for admission to this Course are the same as the Normal Course.

FIRST YEAR.

MATHEMATICS—Elementary Algebra, (Brown).
 LANGUAGE—Composition and Rhetoric, (Hill).

FOURTH YEAR.

HISTORY—General History, (Barnes) two terms. Astronomy, (Sharpless & Philips) one term.

GREEK—First Lessons, (White). Grammar, (Hadley-Allen).

LATIN—Cicero's Orations and Virgil.

COLLEGE COURSE.

For some time certain College studies have been blended with those of the Normal and Theological departments; but a complete College course has long been in contemplation, and a beginning in Freshman Latin, Greek and Higher Mathematics was made the present year. The design of this course is to give rigorous instruction for four years in that range of liberal studies which is best suited to the necessities of the times and place. Less will be required in the Classics and Mathematics than is customary in American Colleges, and more attention given to branches that are here especially important.

The succession of studies, and time allotted to each, can not now be stated, but general principles have been determined. The Languages will be taught with special reference to results in English, and New Testament exegesis. The Course in Pure Mathematics will be shortened in the interest of Physics, Botany, Geology and Astronomy. Chemistry will be made tributary to the affairs of common life, while Physiology and Hygiene will receive special attention. Rhetoric with Elocution, Logic, Political Economy, Business Law, The Science of Government, History, English Literature, Mental and Moral Philosophy, and The Evidences of Christianity will be emphasized, and the study of the Bible continued throughout the entire course.

As in all other Departments of study, the aim is thorough work, and those who complete this course will receive the customary College degree.

THEOLOGICAL COURSE.

Candidates for admission to this course must furnish satisfactory evidence of good moral character and of such scholarship as will enable them successfully to pursue the prescribed studies.

JUNIOR YEAR.

GREEK---Anabasis and Cyropædia, one year.

MENTAL PHILOSOPHY---Two terms; Rhetoric, one term.

THEOLOGY---Biblical Geography and Archæology, one term.

OLD TESTAMENT---Its Authenticity, Canonicity, History, Chronology, Ancient Covenants, Doctrines and Institutions, two terms.

FIRST MIDDLE YEAR.

GREEK---New Testament and Exegesis, one year.

THEOLOGY---Messianic Prophecies with Hermeneutics, half a year.

Introduction to the study of the New Testament, half a year.

SYSTEMATIC THEOLOGY---Existence and Perfections of God. Inspiration and Divine Authority of the Bible, Trinity, Decrees, Providence, Will, Nature of Holiness and Sin, Apostasy, Depravity and Atonement, one year.

SECOND MIDDLE YEAR.

LOGIC---One term; Civil Government, one term; English Literature, one term.

SYSTEMATIC THEOLOGY continued---Regeneration, Repentance, Justification by Faith, Perseverance of the Saints, Christian Perfection, Prayer, Eschatology, Christian Church, Positive Institutions, one year.

NEW TESTAMENT---History and Harmony of the Gospels, half a year; Epistles, with Exegesis, half a year.

SENIOR YEAR.

MORAL PHILOSOPHY---Half a year.

POLITICAL ECONOMY---Half a year.

CHURCH HISTORY---The Christian Church. Ancient, Mediæval and Modern, one year.

HOMILETICS---one year.

NOTES---Sermonizing and Pastoral Theology, with Voice Culture, throughout the entire Course.

Persons graduated from this Course receive the degree of "Bachelor of Divinity."

While it is desirable that students of this department pursue its entire Course of Study, nevertheless, at the discretion of the Faculty, a modified course may be pursued, entitling the student to a certificate, but not to a degree.

Tuition and the use of the Library are free.

Most of the students in this Course perform mission work in the surrounding country, for which they receive a small compensation, thus enabling them to continue their studies without becoming involved in debt.

The Macedonian Missionary Society, organized last year, meets twice a month for literary and religious purposes, and does much valuable work in the adjacent regions.

INDUSTRIAL DEPARTMENTS.

Manual labor has here had place from the beginning, and with the growth of the College new facilities for industrial training have been added. Instruction is now given both to young men and women in varied kinds of handicraft. The object is two-fold:—

First—To give practical instruction in the best methods of doing work.

Second—To enable students of limited means to pay a part of their expenses in labor, thus developing in them a spirit of self-reliance.

While the College will not *make* work merely for the purpose of giving employment to students, it will furnish all the labor it consistently can. Early application will be necessary to secure aid. *In no case should any one come, hoping to receive such aid, unless such person has applied for it and received a favorable answer.* Attention to this statement may save time, trouble and disappointment. Applicants should state the degree of advancement in their studies, their necessities and *the amount they can promptly pay.* In no case will industrial students be allowed to run behind in their accounts.

Faithfulness, promptness and efficiency in the performance of labor will be exacted from each one.

AGRICULTURAL DEPARTMENT.—The College farms, garden and orchard—about 270 acres in all—are under the supervision of an Agricultural College graduate, and give an excellent opportunity for practical instruction in this industry. Young men without money, but desirous of obtaining an education, can usually find employments on the farm until they have earned enough to enable them to go to school a

part or all of the year. Several have begun their course here by a few months of farm work. Such have all the privileges of the family, study in the night school; and in this way worthy and industrious persons can secure an education.

MECHANICAL DEPARTMENT.—The Slater Shop under an efficient Superintendent gives an opportunity to those who would become acquainted with carpentry, cabinet-making, painting and glazing, and to some extent, with blacksmithing. Classes are formed in this department from pupils in the Normal, Grammar and Intermediate grades, who receive systematic instruction at regular hours. The results already attained are highly satisfactory, and it is proposed in the future to increase the facilities for industrial education. In this building is the printing-office, where most of the college job-work is done, and a small paper, called *OUR WORK*, is printed.

A shoe-shop is located in the basement of Stone Hall where repairing is done.

GIRLS' INDUSTRIAL SCHOOL.—Practical lessons are given in housekeeping, kitchen, dining-room and laundry work; and sewing is made a regular and required part of the course of instruction. Some who desire to pay part of their board bill in work, can make such arrangements by early application. Such will be credited according to the amount of work done. A competent teacher is provided for this department, and an enlargement in this line of work is contemplated. A laundry will be erected this season.

GENERAL INFORMATION.

MEMBERSHIP.

For membership in the College, applicants must have good moral character, and upon their arrival must present satisfactory testimonials of such character.

Students from other schools must present certificates of honorable dismissal.

Application should be made at least one month before the beginning of the school year. No one unable to pay in full, and hoping to secure aid, or to pay in part by labor, should come without previous correspondence and express permission. All should be present at the opening of the school, that they may be immediately classified, and thus lose no time. Students in regular classes lose their membership when absent one month; while *absence without leave* may forfeit the pupil's right to membership in the Institution.

Those who have not a fixed purpose to improve their minds, and an earnest desire to fit themselves for usefulness, should not seek admission, as the presence of such is not tolerated.

TEACHING.

By far the best means of support, as well as of doing good, is found in *teaching*. The demand for teachers properly qualified for this work is usually in excess of the supply; and nearly all of those who are sufficiently advanced in scholarship can aid themselves by teaching.

The Department of Methods and Practice is presided over by a teacher of experience and ability. The members of the Senior class have charge of classes from the Cassedy school and teach daily under the supervision of their critic. It is believed that Talladega affords facilities for the training of teachers, second to none in the South.

County Superintendents of schools, and others desirous of securing teachers from this Institution, will favor their

own interests by so arranging the sessions of the public schools as to have them occur during its summer vacation.

Members of this institution who may be considered by their instructors qualified for teaching, will be furnished with certificates stating their qualification and standing. As a means of protection from imposition, applicants for schools, claiming to be from Talladega College, should be required to present such certificate.

MUSIC.

Excellent advantages are offered for study and drill in both Instrumental and Vocal Music. Instruction is given upon the Piano and Cabinet Organ, and in the cultivation of the Voice, Chorus Singing and Notation.

LITERARY SOCIETIES.

The students sustain three literary organizations: the Adelpic and Athenæum for young men, and the Vesperian for young ladies. Besides the training of the Societies, Public Rhetorical Exercises are held in the Chapel under the direction of the Faculty.

LIBRARY, APPARATUS, AND READING ROOM.

The Library occupies a fine room in Swayne Hall, and contains about 3,500 volumes. It is increasing in value and a small sum has been secured for its support. It is accessible to all without cost. The College is in possession of a small philosophical apparatus and a museum. Several hundred valuable specimens, the gift of generous friends, have been recently received, including a choice collection of New York minerals, from Dr. Henry B. Nason of the Rensselaer Polytechnic Institute.

A Reading Room open to students is found in both Stone and Foster Halls.

PRIZES.

Prizes in the form of Free Tuition are given to students in the Grammar and Normal Departments for excellence in reading and declamation. Two prizes of Ten and Five dollars each, established by Rev. J. M. Whiton, Ph. D., of New York, may be awarded annually for essays on some theme in History, Philosophy or Literature. The prizes were made

available this year, and a second prize has been awarded to Alice B. White of the Normal Department.

LECTURES.

Monthly during the school year, alternating with Society exercises and social gatherings, lectures are delivered in the Chapel by members of the Faculty, and others from abroad, on literary and practical subjects.

ALUMNI MEETING.

By recommendation of a committee appointed the previous year, our Alumni Association was organized at the College Commencement in 1882. This Association has an annual meeting; by reunions and correspondence it seeks to perpetuate acquaintance and strengthen fellowship; and it also nominates some of its number to share under the direction of the Faculty, in the exercises of Commencement.

EXPENSES.

Room rent in the boarding halls is \$1 per month. Each room is intended for two students, and is plainly but neatly furnished. Students will provide their own towels, fuel, lights, soap, etc. Oil and fuel may be purchased from the College as required.

The price of board will vary with the cost of provisions and the expense of preparing the same for the table. The dining room is in Foster Hall, and the bill of fare is arranged by a committee appointed by the students. From \$3.50 to \$4 per month will cover the cost of table board.

Tuition in Primary department, per month,.....	\$.50
Tuition in Intermediate department, per month,.....		.75
Tuition in other departments, per month,.....		1.00
Instruction in Instrumental Music, with use of instrument, one hour daily, per month,.....		2.00
Same per term, payable at once in advance,.....		5.00

The monthly expense for a single student is estimated as follows:

Rent of furnished room,.....	\$1.00	\$1.00
Board,.....	3.50 to	4.00
Tuition,.....	.50 to	1.00
Fuel,.....	.15 to	.50
Lights,.....	.10 to	.25
Washing,.....	1.00 to	1.00
Total,	6.25 to	8.00

Opportunity will be given for girls to do their own washing and ironing.

All needed text-books can be bought at cost at the College, and students should come prepared to get them.

Students will be held responsible for damage done by them to the College property.

All payments are to be made promptly as required Students who fall behind in their accounts a half month are liable to suspension from recitations until they pay, or make other satisfactory arrangements.

All old accounts must be settled before entering school for another year.

Upon arrival, all students are expected to deposit their money with the Treasurer.

All boarders are required to work for the Institution at least one hour per day. This requirement makes the above low charges possible.

Remittances in payment of bills should be made by money-orders, drafts, in registered letters, or by express. Make money-orders and drafts payable to the Treasurer, and address all moneys to him. Receipts will be promptly returned.

REGULATIONS.

As it is the aim of the Institution to promote good scholarship and Christian character, the following regulations have been adopted, calculated to secure these results:

Students are not allowed to use intoxicating liquors, or tobacco in any form.

All profanity, playing cards or billiards, and everything of immoral tendency, are strictly forbidden.

Keeping or using fire arms on the premises is forbidden.

Cleanliness of rooms and person, good order and fidelity to duty are required.

Only plain and simple clothing is to be worn. Expensive dress will not be allowed at Commencement, and parents are requested not to furnish it.

All students from abroad are required to board in the institution unless special permission is given to board elsewhere.

Regular and punctual attendance upon all hours for study and recitation; and upon the established religious exercises of the Institution, is expected; as also entire and cheerful obedience to its regulations, and to the officers of the same.

Students, as far as possible, are taught self control, appeal being made to their own sense of justice and propriety, and their sense of honor—and they are understood, on entering, to pledge themselves to obey all the regulations of the Institution.

PUBLIC WORSHIP.

Students are required to attend the following religious exercises: Church service and Sabbath School on the Sabbath, daily prayers at their boarding places, and in the morning at the Chapel. There are other services at which the attendance is optional, though it is earnestly desired, and is very general. These are Temperance and Missionary Societies, Mission Sabbath Schools, Class and General Prayer meetings, and the Young People's Society of Christian Endeavor.

AIMS.

The advantages and privileges of the Institution are offered to all of either sex, without regard to sect, race, color or nationality.

It aims to furnish a thorough education, under the best methods of instruction, in a sufficiently wide range of studies, securing a substantial preparation for professional duties, teaching, or general business.

It aims to secure the best development of social character, by bringing students of both sexes, from various localities, under the same general discipline, occupying separate buildings, yet constituting one family; associating in school and religious exercises, and under the constant oversight of the teachers.

Above all, it claims to be an institution of *Christian* learning. It stands upon the broadest possible basis, and is in no respect *sectarian*.

It is designed to make the Institution, as far as possible, a *home* for those who attend. Parents and guardians may rest assured that any youth placed under the care of the In-

structors will be their special charge, and that the rules of good conduct will be at all times enforced.

WANTS.

Without State aid, and relying entirely upon the gifts of the benevolent, the College has need of many things, and these wants may be summarized as follows:

1. Literature. Sunday-school books and papers are in great demand by students who are engaged in teaching. They plant their Sabbath-schools almost as regularly as their day schools, and papers and books, although not new, are a material aid in destitute places.

2. Student aid is a necessity. The charges for board and room are made as small as possible, yet many require some help. This aid is extended only to the worthy, and perhaps there is no surer or quicker way of doing good than by thus helping some promising student into a life of usefulness.

Endowed Scholarships are greatly desired, and something has already been done. Seven years ago the Belden Scholarship of one thousand dollars was given by Mr. William Belden, of New York; also five thousand dollars for theological scholarships from the estate of Mr. R. R. Graves. Other theological scholarships of one thousand dollars each have more recently been received from Mrs. Nancy M. Stone, and her daughter, Abbie Stone, of Jefferson, Ohio, Rev. John and Lydia Hawes Wood, of Fitchburg, Mass., and Mr. H. B. Lincoln, of Worcester, Mass. The sum of \$709.25, from Mr. Ephraim A. Brown, of N. Bloomfield, Ohio, has been invested as a general scholarship.

3. Apparatus and Cabinet. The College is in need of additions to its Mineralogical Cabinet, Physical and Chemical Apparatus, and Illustrations for teaching Physiology. Such appliances as could be purchased for a few hundred dollars would be of real service in the work of instruction.

4. Library. A few class-mates and College friends of the President have begun an endowment known as the "Yale Library Fund of Talladega College." As yet the fund is small and its increase is earnestly desired.

5. Large sums both for present use and for endowments are needed in the Industrial Department. No instruction among the Freedmen is complete that does not sedulously care for industry. Skilled labor is rare, and the hand as well as the head requires careful training. After moral and hygienic instruction, nothing is more essential than lessons in labor and economy. The College farm needs buildings, implements and fences. The Slater shop, recently enlarged, should be supplied with additional tools and machinery; and a model kitchen is still greatly desired.

But industrial training has always been found expensive, and scholarships in aid of this undertaking are earnestly requested. The labor performed by students, though advantageous to them, is not largely remunerative to the College. The farm, shop, kitchen and sewing-room are for the pupil, rather than the pupil for them. Besides money for buildings and utensils, an endowment of twenty-five thousand dollars is desirable to meet the present necessity of industrial pupils.

6. A general endowment for salaries, especially in the College and Theological Departments, has become a necessity. A stable institution must have a constant income. In this a beginning has been made. Twenty thousand dollars has recently been given towards an endowment for the President's salary, and the school, now becoming in fact, as in name, a College, with only small classes at first in the higher studies, ought to have this sum greatly increased. This object is commended for the bequests of those who cannot give to it while living. The legal name of the corporation is "Talladega College, Talladega, Ala."

LOCATION.

This school, founded and sustained by the American Missionary Association, is at Talladega, among the Appalachian foot-hills, and has rare advantages in climate and scenery. On the E. T., V. & G., A. & A. and T. & C. V. Railroads, it has easy access to all parts of the State, yet it is far enough removed from the great cotton belt to escape the malaria and more intense heat of that region. The buildings stand on high ground, shaded with trees, and are about half a mile

from the village. For beauty of location and healthfulness of climate, Talladega College cannot be surpassed by any institution in the South. The air is pure; water is clear; distant hills, filled with marble and iron are on either side; coal fields are near; and the population of the region is rapidly increasing.

About half the people of Alabama are colored, and by the census of 1880, 80 per cent. of them are illiterate. With a constituency of more than 600,000 to draw from, this is *the only school of collegiate rank and the first boarding school for the Freedmen of the State.* Its fields, its location and its possibilities are all that could be desired. Hitherto its work has not been small; its need and opportunities were never greater than now.

MISCELLANEOUS.

Each pupil should bring a Bible. It is needed for private reading, for Sunday-school, and for the weekly Bible lesson.

All should be provided with *warm* clothing. Young ladies should bring water-proof, rubbers and umbrella.

A long experience has proved that much evil comes from pupils receiving food from home. It is best they should not receive it. *Frinds, therefore, will please not send it.*

Pupils should be present on the first day of the school year and continue if possible, to the end. A delay of a few days only, will hinder a student during the entire session.

Students from a distance should arrange their journeys so as not to arrive on the Sabbath. The College aims to be thoroughly Christian, and it reverences the Lord's day.

Letters making inquiry upon any subject connected with the College will be very gladly received and answered. Financial letters should be addressed to

E. C. SILSBY, *Treasurer.*

Letters regarding the Department of Theology to
REV. G. W. ANDREWS, *Instructor in Theology.*

Other letters, to

REV. HENRY S. DEFOREST, *President,*

AN ACT TO AMEND THE CHARTER OF "TALLADEGA
COLLEGE, TALLADEGA, ALA."

WHEREAS, B. F. Sawyer, H. E. Brown, Wm. Savery, P. M. Beebe, and S. S. Tyler, resident citizens of Talladega, Alabama, desirous of becoming incorporated under the laws of said State, for purposes of education, did, on the 17th day of February, 1869, elect as Trustees B. F. Sawyer, H. E. Brown, E. P. Smith, E. M. Cravath, Wm. Savery, J. G. Chaudron, Geo. Whipple, Ambrose Headen and P. M. Beebe; and on said 17th of February 1869 filed in the office of the Judge of Probate of the county of Talladega, Alabama, their certificate thereof, signed by them, after the election of said Trustees, which was duly recorded on the same day, stating the corporate name of said College to be "Talladega College, Talladega, Alabama," and the names of the persons elected as Trustees as above stated; that the first three named as Trustees should hold their offices one year, the second three for two years, and the remaining three for three years; and that all Trustees thereafter elected should hold their offices for three years unless elected to fill an unexpired term, existing by reason of the non-acceptance, resignation or death of a Trustee.

AND WHEREAS, Said College has continued to hold its regular sessions in each and every year from 1869 down to the present year, having at this time a Board of Trustees, whose names are H. W. Hubbard, R. H. Isbell, M. E. Strieby, A. F. Beard, L. E. Parsons, W. H. Ward, G. W. Andrews, H. S. DeForest and James W. Cooper, together with a Faculty consisting of H. S. DeForest, President, and sixteen others, and an annual attendance of more than three hundred students. Now, therefore, for the purpose of furthering the objects of said Institution:

Be it enacted by the General Assembly of Alabama, That the corporation now existing under the name of "Talladega College, Talladega, Alabama," is hereby confirmed and established; and all gifts of property, real, personal or mixed made to Talladega College by deed, or will, or in any other manner, shall vest in Talladega College, Talladega, Alabama, as effectually for purposes of education, as if the same had been made to said College by its proper corporate name.

SECTION 2. Be it further enacted, That the corporate powers of said College shall be vested in and exercised by said Board of Trustees and their successors in office, and in and by said corporate name, the Board of Trustees may sue at law or in equity, and by its corporate name it may be sued at law or in equity, and plead and be impleaded; it may have and use a common seal, and may change the same at pleasure; it may hold, purchase, dispose of and convey property to such an amount as the business of the said College requires; and said Board of Trustees may increase the number of the Trustees to fifteen, and a majority of the Trustees shall constitute a quorum for transacting its business.

SECTION 3. Be it further enacted, That said Board of Trustees shall have power to appoint such officers for presiding over and transacting the business of their body as may be necessary, and prescribe their duties and obligations; to appoint the time and place of their meetings; to determine their own tenure of office; to do and perform all acts regarding the selection, duties, remuneration or removal of a President, Professors, Instructors and other officers of the said College, or the granting of diplomas, certificates and honors, such as are done and performed by other Colleges in the United States; to make by-laws and ordinances for the government of the said College, the same not being repugnant to the Constitution and laws of the United States or of this State.

SECTION 4. Be it further enacted, That so long as the property, real or personal of said College, or held by the American Missionary Association for the exclusive benefit of said College, is used for purposes of education, the same shall be exempt from taxation of any kind.

[Approved February 28, 1889.]
