Theological instruction was begun with a class of six young men, representing three Christian denominations, in 1872, five years from the opening of the school. In the following year a two-story house and about five acres of land, lying adjacent to the other College property, were bought for the Theological Department. This was the gift of Mr. R. R. Graves, of Morristown, N. J., and is called GRAVES HALL. It contains the Theological Library and Recitation Room, and is also used as a residence for one of the professors.

Winsted farm, of one hundred and sixty acres, less than a mile from the College buildings, was bought in 1877, mainly by Connecticut donors, and named after the town giving the largest amount. The Newton farm, of fifty-seven acres, which connects Winsted with the other College lands and in itself is a very desirable property, is the gift of Dr. Homer G. Newton, of Sherburne, N. Y., and was purchased in 1887. Some small additions have been made since, and the real estate of the College is now about 300 acres, much of it valuable, and all of it useful for buildings, gardens, farm, forest or pasturage.

STONE HALL, the third brick building and used as a dormitory for teachers and young men, was built in 1881 from funds furnished by Mrs. Valeria G. Stone, of Malden, Mass. The same year the other brick halls, SWAYNE and FOSTER, were thoroughly repaired; a new house, also of brick, was built for the President; and the following year two other houses were secured for the use of instructors, the larger of which, with four acres of land, was the gift of Mr. Seth Wadhams, of Elmhurst, Ill. In 1883, by the contribution of Mr. J. H. Cassedy, of Thiells, N. Y., a two-story schoolhouse was built for Primary and Intermediate pupils, which was enlarged by a second contribution from Mr. Cassedy in 1887. In 1884, by the aid of "The John F. Slater Fund," a shop was built, and enlarged four years later. The laundry was erected in 1889, two other residences for instructors in 1891, the model barn in 1898. In 1901, the girls' industrial building, known as "Foy Cottage," was built, so that now the College has two school buildings, a hall for young women, another for young men, six houses for teachers, with shops, printing office, and other facilities for industrial teaching. The property of the College, exclusive of endowments, is valued at \$142,000.

The College is without State aid, and its resources at present are from the income of about \$137,500 of invested funds, and the gifts of the benevolent, mainly through the American Missionary Association.

AIMS.

The advantages of the Institution are offered to all persons of either sex without regard to sect, race, color or nationality.

It aims to furnish a thorough education—Normal, Collegiate and Theological—with such instruction in oratory, music and the industries as will contribute to the pupil's larger efficiency in the home and in the state.

It aims to secure the best development of social character, by bringing students of both sexes, from various localities, under the same general discipline, occupying separate buildings, yet constituting one family; associating in school and religious exercises, and under the constant oversight of the teachers.

Above all it claims to be an institution of Christian learning, and its highest object is to develop character. It stands upon the broadest possible basis and is in no respect sectarian.

The Institution is designed to be, as far as possible, a home for those who attend. Parents and guardians may rest assured that any youth placed under the care of the instructors will be their special charge, and that at all times the rules of good conduct will be enforced.

LOCATION.

This Institution is located at Talladega. Situated among the Appalachian foothills, on the Southern, the Louisville & Nashville, and the Birmingham & Atlantic Railroads, it is easily accessible from all parts of the State, so far removed from the great cotton belt as to escape the more intense heat and malaria of that region. The buildings, shaded by trees, stand on high ground, about half a mile from the city.

In the vicinity of coal fields, surrounded by hills filled with iron, in the midst of a rapidly increasing population, with clear air and pure water, TALLADEGA COLLEGE is not surpassed in advantages of location and beauty of scenery by any institution in the South.

It is the first college open to colored people in the State, and in Alabama alone it has a constituency of 800,000 from which to draw its students. Its fields, its location and its possibilities are all that could be desired. Hitherto its work has not been small; its need and opportunities were never greater than now.

GENERAL INFORMATION.

MEMBERSHIP.

Applicants for membership in the College must present satisfactory testimonials of good moral character. Students from other schools should bring certificates of honorable dismissal.

No new students who are below the Fifth Grade in their studies will be received into the boarding halls. The Faculty reserves the right to control the boarding places of all non-resident students and to exercise supervision over them.

Application should be made at least one month before the beginning of the school year.

A few young men and women are received each year, who spend the day working on the farm, in the laundry or boarding hall, and attend the night school. They enjoy the same privileges and are under the same regulations as other boarders. They are received on one month's trial, and if accepted may be required to enter into formal contract with the College as to character of work, length of service and credit. **LABOR CREDITS ARE NOT PAYABLE IN CASH,** but are held in trust to meet future College bills. Application blank will be mailed to any one who desires to enter the Institution under such an arrangement. **NO ONE BELOW THE FIFTH GRADE IN STUDIES WILL BE RECEIVED.**

Students should be present on the first day of the school year, and continue, if possible, to the end. A delay of a few days will hinder the student during the entire session.

Students from a distance should arrange their journeys so as not to arrive on the Sabbath. The College aims to be thoroughly Christian, and reverences the Lord's day. Trunks will be transferred to and from the depots free of charge only on the day before the opening and the day after the close of the College year.

Students in regular classes lose their membership when absent one month; while absence without leave may forfeit the pupil's right to membership in the Institution.

Those who have not a fixed purpose to improve their minds, and an earnest desire to fit themselves for usefulness, should not seek admission, as their presence will not be tolerated.

Each student should bring a Bible; it is needed for private reading, for the Sunday-school, and for the weekly Bible lessons.

All should be provided with warm clothing. Each young lady should bring water-proof, rubbers and umbrella.

EXPENSES.

| | |
|---|-------|
| Tuition in Primary Department, per month | \$ 50 |
| Tuition in Intermediate Department, per month | 75 |
| Tuition in Grammar, Normal and Collegiate Departments, per month | 1 00 |
| Instruction in Vocal or Instrumental Music, one lesson a week, per month | 2 00 |
| With use of Instrument one hour daily. | |
| Laboratory fee in Chemistry, to be paid in advance | 1 00 |
| Special examination for pupils not present at the regular class examination | 50 |

The price of board will vary with the cost of provisions and the expense of preparing the same for the table. The dining room is in FOSTER HALL, and the bill of fare has been arranged by a committee appointed by the students. From \$4.75 to \$5.00 per month will cover the cost of table board.

Each room in the boarding halls is intended for two students, and is plainly but neatly furnished. Students will provide their own towels, fuel, lights, soap, etc. Oil and fuel may be purchased from the College as required.

An incidental fee of one dollar is charged all boarding students upon entering.

The monthly expenses for a boarding student are estimated as follows:

| | | |
|---|------------------|---------------|
| Rent of furnished room | \$1 00 | \$1 00 |
| Board | 4 75 to | 5 00 |
| Tuition | 75 to | 1 00 |
| Fuel | 20 to | 50 |
| Lights | 10 to | 25 |
| Washing, at the College laundry | 75 | 75 |
| TOTAL | \$7 55 to | \$8 50 |

A deposit of twenty-five cents is required of all boarders upon receiving their door keys. This sum is refunded when the key is returned.

All boarders are required to work for the Institution at least one hour each day. This requirement makes the preceding low charge possible.

All labor in excess of the daily hour will be duly credited on bill and not paid for in cash. But it must be performed at regular hours; and the privilege of working to lessen bills will be withdrawn when such work is unsatisfactorily performed, or when it hinders the pupil in the preparation of lessons.

Young women may do their own washing and ironing in the College laundry.

All needed text books can be bought at cost at the College.

BILLS ARE TO BE PAID PROMPTLY. Students who fall behind in their accounts a half month are liable to suspension from recitations until they pay, or make other satisfactory arrangements.

All old accounts must be settled before entering school for another year.

Upon arrival, students are expected to deposit their money with the Treasurer.

No one unable to pay in full, and hoping to secure aid, or to pay in part by labor, should come without previous correspondence and express permission.

Remittances in payment of bills should be made by money-orders, drafts, in registered letters, or by express. Make money-orders and drafts payable to the Treasurer, and address all moneys to him; receipts will be promptly returned.

REGULATIONS.

Students, as far as possible, are taught self-control, appeal being made to their own sense of justice, propriety and honor, and they are understood, on entering to pledge themselves to obey all the regulations of the Institution.

It is the aim of the Institution to promote good scholarship and Christian character, and the following regulations have been adopted:

Students are not allowed to use intoxicating liquors, or tobacco in any form.

All profanity, playing cards or billiards, and everything of an immoral tendency, are strictly forbidden.

Keeping or using fire-arms on the premises is forbidden, also hunting by boarding pupils during the college year.

Cleanliness of rooms and person, good order and fidelity to duty are required.

Students will not throw articles from the windows of any College building, and will deposit ashes, papers, etc., in the appointed places.

Students will be held responsible for damage done by them to College property.

Plain, simple and healthful clothing is to be worn. Only plain sailor hats and health waists will be allowed. Expensive dress will

not be permitted at Commencement, and parents are requested not to furnish it.

A long experience proves that much evil comes from students receiving food from home. Friends will please not send it.

Regular and punctual attendance upon all hours of study and recitation is required.

Students are required to attend punctually the following religious exercises: Church service and Sabbath school on the Sabbath: daily prayers at their boarding places, and in the morning at the chapel or school-room. There are other services at which attendance is optional, although it is earnestly desired, and is very general. These are the services of the Missionary Societies, Mission Sabbath Schools, Class and General Prayer Meetings, the Young People's and Junior Societies of Christian Endeavor, and the Young Men's and Young Women's Christian Associations.

ADDRESSES.

Letters of inquiry upon any subject connected with the College will be gladly received and answered. Financial letters should be addressed to

COURSES OF STUDY.

DEPARTMENT OF MINISTERIAL EDUCATION.

Candidates for admission to this Department must furnish satisfactory evidence of good moral character and of such scholarship as will enable them to pursue the prescribed studies successfully. There are three courses of study:

I. THE CLASSICAL COURSE.

This course includes the study of the Bible in the original Hebrew and Greek tongues. Graduates from this course possessing the adequate literary qualifications receive the degree of Bachelor of Divinity.

The course of study is as follows:

JUNIOR YEAR.

INTRODUCTORY—Biblical Geography and Archæology, with Lectures, Reference Books and Maps, one term.

EXEGETICAL THEOLOGY—Messianic Prophecies; Lectures, with the use of Commentaries:—two terms. Other Prophecies, one term. Hebrew (elective).

HISTORICAL THEOLOGY—The Patriarchal Age, from the Creation to the Exodus. 2. The Jewish Church, from the Exodus to 400 B. C. The History, Chronology, Covenants, Doctrines and Institutions of these periods; also, Authenticity and Canonicity of the Old Testament;—three terms.

SYSTEMATIC THEOLOGY—Existence and Perfections of God; Inspiration and Divine Authority of the Bible; Trinity; Decrees; Providence; Will; Nature of Holiness and Sin; Apostasy, Depravity and Atonement;—three terms.

MIDDLE YEAR.

INTRODUCTORY TO THE NEW TESTAMENT—History and Formation of the Canon of the New Testament; Early Catalogue of the Canon, Manuscripts, Versions, Authenticity and Canonicity, with Lectures;—one term.

EXEGETICAL THEOLOGY—Harmony of the Gospels: Acts of the Apostles, with Exegesis.

GREEK—Three terms.

HEBREW—One lesson each week.

HISTORICAL THEOLOGY—The Jewish Church from 400 B. C. to 70 A. D.; Planting and Training of the Christian Church from 1 to 100 A. D.;—two terms.

SYSTEMATIC THEOLOGY—Regeneration; Repentance; Justification by Faith; Perseverance of the Saints; Christian Perfection; Prayer; Eschatology; Christian Church and Positive Institutions;—three terms.

SENIOR YEAR.

HISTORICAL THEOLOGY—The Second, Third, Fourth, Fifth, Sixth and Seventh Centuries of the Christian Church; also, the History of the Church in Mediæval and Modern Times;—one year.

EXEGETICAL THEOLOGY—Select portions of the Pauline and Catholic Epistles.

GREEK—Two terms.

HEBREW—One hour each week.

HOMILETICS—General and Special Maxims of Sermonizing; Different Species of Sermons; Plan of a Sermon; Materials for the Sermons; Nature and Choice of a Text; Extempore Preaching; Matter, Manner and Spirit of Preaching; Relation of Preacher to Hearer; Style; Practice;—one year.

PASTORAL THEOLOGY—Pastoral Visiting and Catechising; Religious Character and Habits of the Pastor; His Intellectual Character and Habits; Social and Professional Character;—one term.

II. THE ENGLISH COURSE.

This course of study is the same as the first except in one respect—it omits the study of the original tongues of the Bible. It is designed for those who for want of time or of taste in this direction do not wish to pursue the study of the Bible in the Hebrew and Greek languages. Those who complete this course receive a Diploma.

III. THE BIBLE TRAINING COURSE.

This course has been arranged with special reference to the needs of those who have not had the advantages of school in early life. There are also many ministers who have been preaching for some years who feel their need of a better knowledge of the Bible. There are many others who prefer a more full and exact knowledge of the

Bible to much that is included in other courses. To all these the Bible training course will prove a great blessing. Nothing will so fit them for their work as a thorough study of the English Bible.

The course of study is as follows:

FIRST YEAR.

THE BIBLE—Five lessons a week.

INTRODUCTION—Divisions; Names, History, Chronological Order, Literary Character and General Views of the Contents of each Book; Inspiration; Principles of Interpretation; Hebrew Poetry; Prophetic Language and Symbolism;—six weeks.

THE GOSPELS—Peculiarities and Analysis of each; Harmony; The Life of Christ, His Person, Character, Claims, and Doctrinal and Ethical Teachings; eight weeks.

ACTS, EPISTLES AND APOCALYPSE—The Founding and Extension of the Church, and the Doctrinal, Ethical and Eschatological Teachings of the Apostles;—twenty weeks.

RHETORIC—Four lessons a week.

PHYSIOLOGY—Four lessons a week.

BIBLICAL GEOGRAPHY—One lesson a week.

Students who have finished Rhetoric and Physiology before beginning this course will take, in the place of them, other studies selected, with the approval of the Faculty, from the Normal or Classical Course.

SECOND YEAR.

THE BIBLE—Five lessons a week.

THE OLD TESTAMENT—To be studied as history and literature, with special reference to the development in experience, institutions and prophecy, of Ethical Conceptions, Doctrines and the Plan of Salvation. Careful analytical study of several books.

BIBLICAL THEOLOGY—Two lessons a week. Topical study of the teachings of the Bible concerning the Being and Attributes of God, the Nature of Man, Sin, Repentance, Faith, Prayer, Atonement, Regeneration, Justification, Sanctification, the Work of the Holy Spirit, and the Future Life.

PASTORAL THEOLOGY AND SOCIOLOGY—Two lessons a week.

MENTAL SCIENCE—One term.

MORAL SCIENCE—One term.

EVIDENCES OF CHRISTIANITY—One term.

The students in all the courses receive instruction in the following: Voice Culture; Reading of Bible and Hymns, Homiletical

Practice; Methods of Conducting Prayer Meetings; Missions; Benevolent Societies; Evangelistic Work; Music, one hour each week.

Tuition and use of Library are free.

Most of the theological students perform mission work in the surrounding country, for which they receive a small compensation, thus enabling them to continue their studies without becoming involved in debt.

GRAVES HALL—Residence and Lecture Room of Theological Professor.

COLLEGE COURSES.

Candidates for admission to either course must have passed through the corresponding College Preparatory Course or its equivalent. Upon the satisfactory completion of either course, graduates receive the appropriate degree.

DEPARTMENT OF METHODS AND PRACTICE

The Department of Methods and Practice is presided over by a teacher of experience and ability. The members of the Senior Normal Class have charge of classes in the Cassedy School, and teach daily under the supervision of their critic. This work is required of all applicants for diplomas. It is believed that Talladega College affords facilities for the training of teachers second to none in the South.

Students of this institution, who by their instructors may be considered qualified for teaching, will be furnished certificates stating their qualifications and standing. As a means of protection from imposition, applicants for schools, claiming to be from Talladega College, should be required to present such certificate.

DEPARTMENT OF MUSIC.

Excellent advantages are offered for study and drill in both vocal and instrumental music, and a certificate is given to those completing the course.

Singing lessons are given in all the grades; the Normal system of charts and readers being used. In addition to the regular singing classes there is a chorus class devoted to more advanced work.

During the year the pupils who are sufficiently advanced are expected to participate in public recitals, and they also have an opportunity to perform at monthly lectures and rhetorical.

DEPARTMENT OF INDUSTRIAL EDUCATION.

Training in the Industries has always received attention at Talladega College. It is believed that such training strengthens the power of observation, cultivates accuracy and skill, secures the formation of habits of industry and usefulness, and is valuable in the development of mind and heart. It is made a part of the prescribed course of study and is therefore required of pupils in addition to their distinctive literary work. It is not for persons who wish to come simply "to learn a trade." Young men are taught Woodworking, Drafting, Forging, Agriculture, and, to some extent, Printing; while young women receive training in Sewing, Dress-making, Cooking, Nursing and general housework. A brief description of the treatment of each subject is given below.

WOODWORKING AND DRAFTING.

The course in woodworking is for pupils from the fifth to the seventh grade inclusive. It is in outline as follows:

Beginning with a series of progressive exercises applied to objects whose use can be readily appreciated and whose construction involves introduction to the tools in general use, the student is taken through a number of exercises in technical woodwork, embracing simple carving and the construction of joints, to the making of finished articles of difficult construction, such as book-cases, tool-chests, etc.

The Junior Preparatory class receives instruction in plane, geometrical, pattern and perspective drawing, including simple house-design. They are also taught to make tracings and blue prints from their drawings.

The College also has a work-shop, where some of the students are employed out of school hours at general repair work for the Insti-

tution, including also painting, glazing and some plumbing. Much practical experience is gained in these ways.

FORGING.

The course in Forging is for pupils from the Eighth Grade, and consists of a progressive series of forty-five exercises taken from the course in use at the Massachusetts Institute of Technology, comprising work in both iron and steel.

SLATER SHOP.

Boys' Industrial Building.

AGRICULTURE.

The College farm, gardens and orchards, about 300 acres in all, under competent supervision, and employing pupils through a wide range of classes, give excellent opportunities for practical instruction in this useful industry. Young men of the Middle Preparatory and Second Normal years receive theoretical instruction along the following lines:

Soils, Drainage, Irrigation, Crops — their cultivation, rotation, harvesting and storage; Live Stock, Farm Buildings, Horticulture, Agriculture, Poultry Raising, Farm Economy.

PRINTING.

The College maintains a small printing office, adequate for the preparation of much of its job work, and from which during the College year two monthly papers are issued, called *THE COLLEGE RECORD* and *THE STUDENTS' IDEA*.

SEWING AND DRESSMAKING.

The course in Sewing is for girls from the Third to the Seventh Grade inclusive, and is substantially as follows:

Use of sewing implements; plain stitching. Button holes, hemming, gathering, making plain garments. Darning, patching, plain garments. Fancy stitches, ruffles, tucks, children's clothing, cutting by pattern, dressmaking.

COOKING.

The Eighth Grade pupils are taught this needful art. They consider Food, its definition and use; the elements which enter into it; its selection as modified by one's age, occupation, physical condition and residence. The principles of cooking are considered under these heads: Boiling, simmering, steaming, stewing, baking, broiling and frying.

NURSE TRAINING.

Lessons in Nursing are given to the Junior and Middle Preparatory and First two Normal classes, as follows:

Selection and care of sick room and furniture: nursing apparatus. Food for the sick. Administering medicines. Application of fomentations, poultices, etc. Baths, emergencies, symptoms, bandages, massage.

We have been unable to give theoretical instruction in this course for three years, but we hope for means to continue the work in the future.

HOUSEKEEPING.

Most of the general housework at Foster Hall is performed by student boarders, who render daily service in the dining room, reception rooms, halls, sleeping apartments, kitchen and laundry. The ideas of neatness, order and propriety gained in these ways are of incalculable value.

LITERARY SOCIETIES.

The students maintain four Literary organizations: the Ciceroian and Philomathean for young men, and the Vesperian and Athenian for young women. Besides the training of the societies, public rhetorical exercises are held in the chapel under the direction of the Faculty.

LIBRARY AND READING ROOM.

The College Library occupies two rooms on the first floor of SWAYNE HALL, and contains about 5,000 volumes. It is increasing in value, additions being made thereto yearly. The Theological

Department, also, has in GRAVES HALL a Library of more than 2,000 volumes. Both Libraries are open daily to all students without charge. Files of some of the leading newspapers and magazines are to be found in the College Library.

LABORATORY AND MUSEUM.

The College possesses apparatus for lecture and class use in Physics and Chemistry, enabling pupils to do laboratory and other experimental work regularly and profitably.

A valuable collection of specimens has also been secured and classified for reference in the study of Geology and Mineralogy.

PRIZES.

To stimulate effort for excellence in rhetorical work, the following prizes are offered: First, to successful contestants from the Grammar Department, two prizes of free tuition for one year—one for the best declamation and one for the best recitation; second, to successful contestants from the Preparatory and Normal Departments, two similar prizes—one for the best oration and one for the best essay; third, one prize of books to the value of eight dollars for the best oration by contestants from the College and Theological Departments; fourth, two prizes—one of five dollars and one of ten dollars to successful contestants from all departments of the institution for the best essay on some theme in History, Philosophy or Literature. This prize was established in 1888 by Rev. J. M. Whiton, Ph.D., of New York, and essays prepared for the same must be handed in by 9 o'clock P. M. of March 31 in each year. For the other prizes a preliminary contest will be held in May, at which time two of each sex will be chosen in the first division above mentioned, two of each sex in the second, and two persons in the third for the final contest, which will take place on Monday of Commencement week in each year.

Recipients of book or tuition prizes will not be allowed to compete a second time in the same division; and the ten-dollar Whiton prize will be awarded but once to the same contestant.

LECTURES.

Lectures on literary, scientific and practical subjects are delivered by members of the Faculty and others from abroad, monthly, during the college year.

ALUMNI MEETING.

The Alumni Association was organized in 1882. This association has an annual meeting. It seeks to perpetuate acquaintance and strengthen fellowship by reunions and correspondence, and it also maintains public literary exercises on the night of Commencement Day.

WANTS.

Without State aid, and relying entirely upon the gifts of the benevolent, the College has many needs. These may be summarized as follows:

1. APPARATUS AND MUSEUM.—The College is in need of additions to its Mineralogical Collection and Physical and Chemical Apparatus.

2. LIBRARY.—A few classmates and college friends of the late President have begun an endowment known as the "Yale Library Fund of Talladega College." As yet the fund is small, and its increase is earnestly desired.

3. STUDENT AID.—The charges for board and room are made as small as possible, yet many require some help. This aid is extended only to the worthy, to some extent is paid for in work, and perhaps there is no surer or quicker way of doing good than by thus helping some promising student into a life of usefulness.

4. LARGE SUMS FOR THE INDUSTRIAL DEPARTMENT.—No instruction among the Freedmen is complete that does not sedulously care for industry. Skilled labor is rare, and the hand as well as the head requires careful training. After moral and hygienic instruction nothing is more essential than lessons in labor and economy. The College farm needs implements and fences. The Slater shop should be enlarged and supplied with additional tools, and the printing office with a small press and new type.

5. ENDOWED SCHOLARSHIPS.—The following have been secured and more are greatly desired:

For Theological Students—

The R. R. Graves Scholarship of \$5,000, established in 1882, from the R. R. Graves estate, Morristown, N. J.

The Stone Scholarship of \$1,000, established in 1882, by Mrs. Nancy M. Stone and Miss Abbie Stone, of Jefferson, Ohio.

The John and Lydia Hawes Wood Scholarship of \$1,000, established in 1886, by Rev. John and Lydia Hawes Wood, of Fitchburg, Mass.

The H. B. Lincoln Scholarship of \$1,000, established in 1886, by H. B. Lincoln, of Worcester, Mass.

The William E. Dodge Scholarship of \$5,000, established in 1902, by the trustees of the Education Fund left by devise of the said William E. Dodge, of New York.

For Industrial Students—

The Dr. and Mrs. S. W. Howland Scholarship of \$1,000, established in 1901, by friends of Dr. and Mrs. Howland, the interest on which is to be administered by them and devoted to the aid of pupils who are receiving industrial training.

For other Students—

The William Belden Scholarship of \$1,000, established in 1882, by William Belden, of New York.

The Wm. C. Luke Memorial Scholarship of \$434.26, established in 1882, by the friends of the late Wm. C. Luke, of Canada.

The E. A. Brown Scholarship of \$809.25, established in 1886, by E. A. Brown, of North Bloomfield, Ohio.

The C. B. Rice Memorial Scholarship of \$380, by friends of the late C. B. Rice, of the Piedmont Congregational Church, Worcester, Mass.

The Barzillai Swift Scholarship of \$3,000, established in 1893, by devise of Mrs. Martha G. Swift, of Mansfield Centre, Conn.

The Ann E. Atkinson Scholarship of \$500, established in 1894, by Mrs. Ann E. Atkinson, of Moline, Ill.

The Eunice M. Swift Trumbull Scholarship of \$500, established in 1895, by devise of Mrs. Trumbull, of Mansfield, Conn.

6. AN ENDOWMENT FOR SALARIES AND GENERAL EXPENSES.

A stable institution must have a constant income, and while the College needs to enlarge, it is in still greater need of invested funds to meet current expenses. In this a beginning has been made, giving promise of greater things yet to come. By gifts or legacies the following named persons have contributed to the endowment plan:

Mr. Benjamin DeForest, of Hartford, Conn.

Mr. John DeForest, of Watertown, Conn.

Mrs. A. L. Nourse, of Geneseo, Ill.

Mrs. H. T. Judd, of Cedar Falls, Iowa,

Mr. Horatio Bryant, of Independence, Iowa.

Mr. C. B. Erwin, of New Britain, Conn.

Mr. J. Henry Stickney, of Baltimore, Md.

The aggregate of these different gifts, the interest only of which is used year by year, is small when compared with even the present necessities of the College. But future growth will require an enlargement of resources, which should be secured by permanent investments. Endowment is an urgent necessity, and while some give themselves to this good work, it is hoped that others will provide the needed means. Gifts and legacies for this purpose can be made to the American Missionary Association, in trust for the College; or if any prefer to help the College directly, this may be done. The College is a chartered institution, and its corporate name is "Talladega College, Talladega, Alabama."
